

ANANT DECOR

DESIGNER DOOR

WWW.ANANTDECOR.IN

The image shows a close-up of a door with a light-colored wood-grain finish. The door is decorated with thin, gold-colored lines forming a geometric pattern of triangles and rectangles. To the right of the door, a green plant with broad leaves is potted in a dark container, which sits on a white, modern-style pedestal.

Made from premium materials, it features a sleek, contemporary design with clean lines and a minimalist profile. The door may incorporate a combination of wood, glass, and metal elements, with intricate detailing or geometric patterns subtly integrated into the surface.
